

Our Trail is *YOUR* Trail...

This trail is here for *YOU* to enjoy...

Take a walk or a run, *with or without your dog*

Ride your bike, view a beautiful Indiana sunset

This trail is also here for you to share...

Invite a friend or a neighbor

...and your trail needs *your* Support!

How You Can Help

Give support: Costs of maintenance and expansion are ongoing. Donations are tax deductible. Use the gift form on the right.

Volunteer some time: Maintenance of the trail is ongoing: mowing grass/weeds, clearing fallen debris, repairing soil erosion, etc. Workdays are planned on seasonal Saturday mornings, and volunteer workers are needed. We have a good time working together for a good cause!

Get on the mailing list: We'll send you an email newsletter periodically, keeping you up to date on developments, plans and programs. See the signup form on the other side of this page.

Use the Trail!
The more the trail is used the better.

The Upland Greenway one-mile trail, completed in fall of 2019 with a crushed limestone surface, offers an avenue to wander, exercise, relax, and contemplate. It traverses along a gently contoured glacial moraine while entering into both fields and canopy-covered areas. It passes close to a hidden but nearby wetland. Benches are spaced every one-tenth mile between the Detamore Trail Head parking area and a turn-around loop at the terminus that is planted with an array of wild flowers.

Enjoy the changing seasons:

- ❖ Catch an array of wildflowers and butterflies beginning in the spring
- ❖ Listen to a never-ending concert of birds all summer
- ❖ Take in the finest colors of changing trees in the fall
- ❖ Breathe in the peaceful quiet of winter.

During any season, watch an amazing Indiana sunset while the deer graze
